

MANAGED SOURCING

*You're only as good as your suppliers; we will find you the best*

*With over 30 years of experience in strategic sourcing best practices, category expertise, and market intelligence, Corcentric helps put preferred supplier agreements in place for your top categories, enabling you to increase spend under management, reduce cost, and accelerate your time to value. With our resources, right time approach, and available pre-negotiated agreements, we deliver immediate value for your business.*

*Are you tired of spending countless hours trying to find the right suppliers? Do you wish there was a more efficient and streamlined way to manage your sourcing process? Corcentric understands the stress of strategic sourcing better than anyone. We give you peace of mind by helping you control costs through pre-negotiated agreements.*

**MANAGED SOURCING HIGHLIGHTS:**

**Strategic Sourcing** – vetted suppliers that will deliver on promises, ensuring you get the goods you need precisely when you need them

**Category Management** – developing strategies that align business objectives and ensure the right suppliers for the right business needs

**GPO Programs** – large group purchases reduce costs for your business

As a part of Corcentric's robust Managed Services offering, Managed Sourcing combines service, technology, and financing to generate positive business outcomes. Finding the right supplier at the right time for the right price is challenging. We remove the burden and stress of sourcing with technology solutions and expert resources so you can focus on growing your business. The process to optimize sourcing starts with a focus on your business processes, whether you are shifting from manual processes to digital, in-house to outsourced, or a combination.

With advisory services and a collaborative approach, we work with you every step of the way to maximize results, ensure solution sustainability, and enable continuous improvement.
